    State Pathology Societies

FROM: Barbara Sampson, MD, PhD, Secretary
      Chair, Nominating Committee

RE: Nominations for American Board of Pathology Trustees for 2023

The American Board of Pathology (ABPath) is soliciting nominations to fill three Trustee positions, effective January 1, 2023. We are seeking a nominee with expertise in Molecular Genetic Pathology, one with expertise in Hematopathology, and a pathologist in community/private practice with expertise in Clinical Pathology. Self-nominations and nominations of underrepresented minorities are encouraged.

Outstanding nominees will be considered based on their expertise, scholarship, leadership, educational experience, organizational compatibility, and knowledge of and commitment to the certification process, continuing certification, and graduate medical education. The ABPath strives for diversity, a balance of academic versus private practice Trustees, and an even geographical distribution. Nominees should be in active practice and must be certified by the ABPath and reside in the United States. The nominee should be participating or willing to participate in Continuing Certification. They must be willing to devote substantial time and effort over the potential 12-year tenure. Trustees of the ABPath may also be appointed to the Accreditation Council for Graduate Medical Education Review Committee for Pathology or to an American Board of Medical Specialties Committee.

Please submit your nominations (and they can be multiple) with a current curriculum vitae of the nominee(s), to Dr. Barbara Sampson, Secretary of the ABPath, care of COO@abpath.org. Self-nominees should submit a letter of support from a pathology society and/or another ABPath certified pathologist. All nominations should be submitted no later than March 1, 2022.

Thank you for your assistance. If there are any questions, please contact Dr. Gary Procop, Chief Executive Officer at gprocop@abpath.org.
